# ECONOMIC AND COMMUNITY DEVELOPMENT BUILDING DIVISION

PROGRAM COMMENTARY

#### PROGRAM DESCRIPTION:

The Building Division is responsible for ensuring the public health, safety, and welfare in all private construction activities in the community. The Division reviews all building permit applications for proper licensure under the California Contractors Licensing Law and local ordinances, reviews all construction plans for compliance with state and local building regulations/standards, and provides building inspections of all permitted work under construction until completion. All personnel, operational costs, and administrative support costs are paid for under a "fee for service" structure with funds deposited to the City General Fund. The Division strives to provide professional, courteous and efficient customer service and assistance to the public and other Division personnel. Division personnel are encouraged to spend additional time with "Do it yourself" homeowners and business owners attempting construction projects or improvements without a contractor. Additional time is also encouraged to explain changing code requirements to Licensed Contractors who are often unaware of new or changing state requirements for construction.

#### **STRATEGIC GOALS:**

- Ensure staff obtains the necessary training and education for the implementation and enforcement of the new 2010 California Building Codes.
- Complete revisions of Building Division forms and handouts to reflect new 2010 Building Codes.
- Revise and update the Building Division section of the Economic and Community Department Policy and Procedure manual.
- Continue with the in-house training program designed to inform Building Division personnel of changes in state laws affecting the California Building Codes, review correct application and interpretation of existing codes, and ensure uniform enforcement of all codes.

#### **FY 11-12 PROGRAM HIGHLIGHTS:**

- Work with other departments and divisions to achieve goals established by the City Council and City Manager. The Building Division is an important component in the execution and completion of all construction projects, including redevelopment projects. The Building Division will strive to facilitate the construction process from ground breaking through the issuance of a Certificate of Occupancy in an expeditious manner.
- Provide professional, courteous and efficient customer service at the public counter, in the field and on the telephone.
- Review all permit applications, plans and documents for completeness prior to plan check submittal.

- Provide professional, courteous and efficient plan review and building inspection services for all residential and commercial projects throughout the City.
- Verify all conditions of approval are complete and all required clearances are obtained prior to building permit issuance.
- Provide Division representation at all pre-project and development review meetings.
- Continue to work in unison with other City departments and divisions to achieve desired City of Azusa goals.
- Remain active in professional organizations related to Building Code enforcement, including California Building Officials, International Code Council, and International Association of Electrical Inspectors.
